

International Institute for Population Sciences

Students' Feedback on Curriculum

2022-23

Introduction

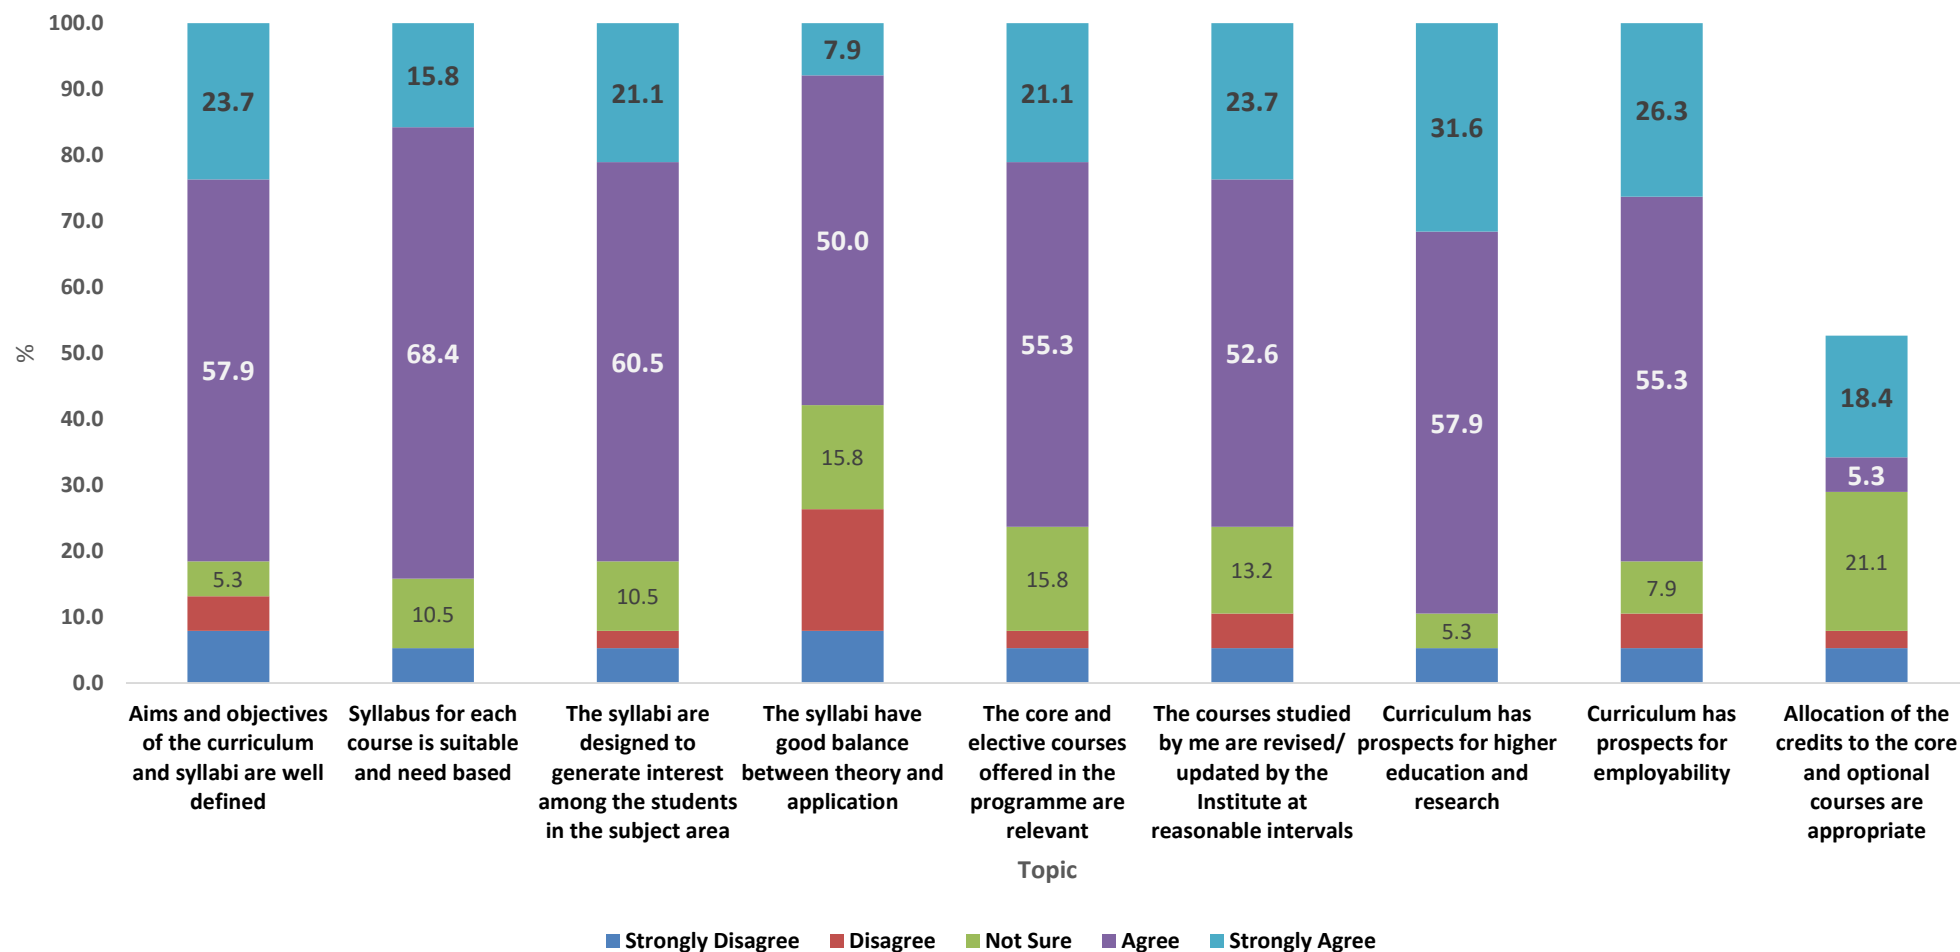

International Institute for Population Sciences, Mumbai has collected students' feedback on curriculum of Master of Population Studies (MPS), M.A./M.Sc in Population Studies and M.Sc. in Bio-statistics & Demography (MBD) course work. Students' feedback was collected in the months of April and May 2023. The questionnaire was administered online using google form. All the outgoing/graduating students during 2022-23 were emailed the feedback questionnaire. In total 105 students responded to the survey. The major components of the feedback were relating to:

- ☐ Feedback on curriculum
- ☐ Learning Outcomes
- ☐ Learning Assessment
- ☐ Overall rating of the programme and various facilities

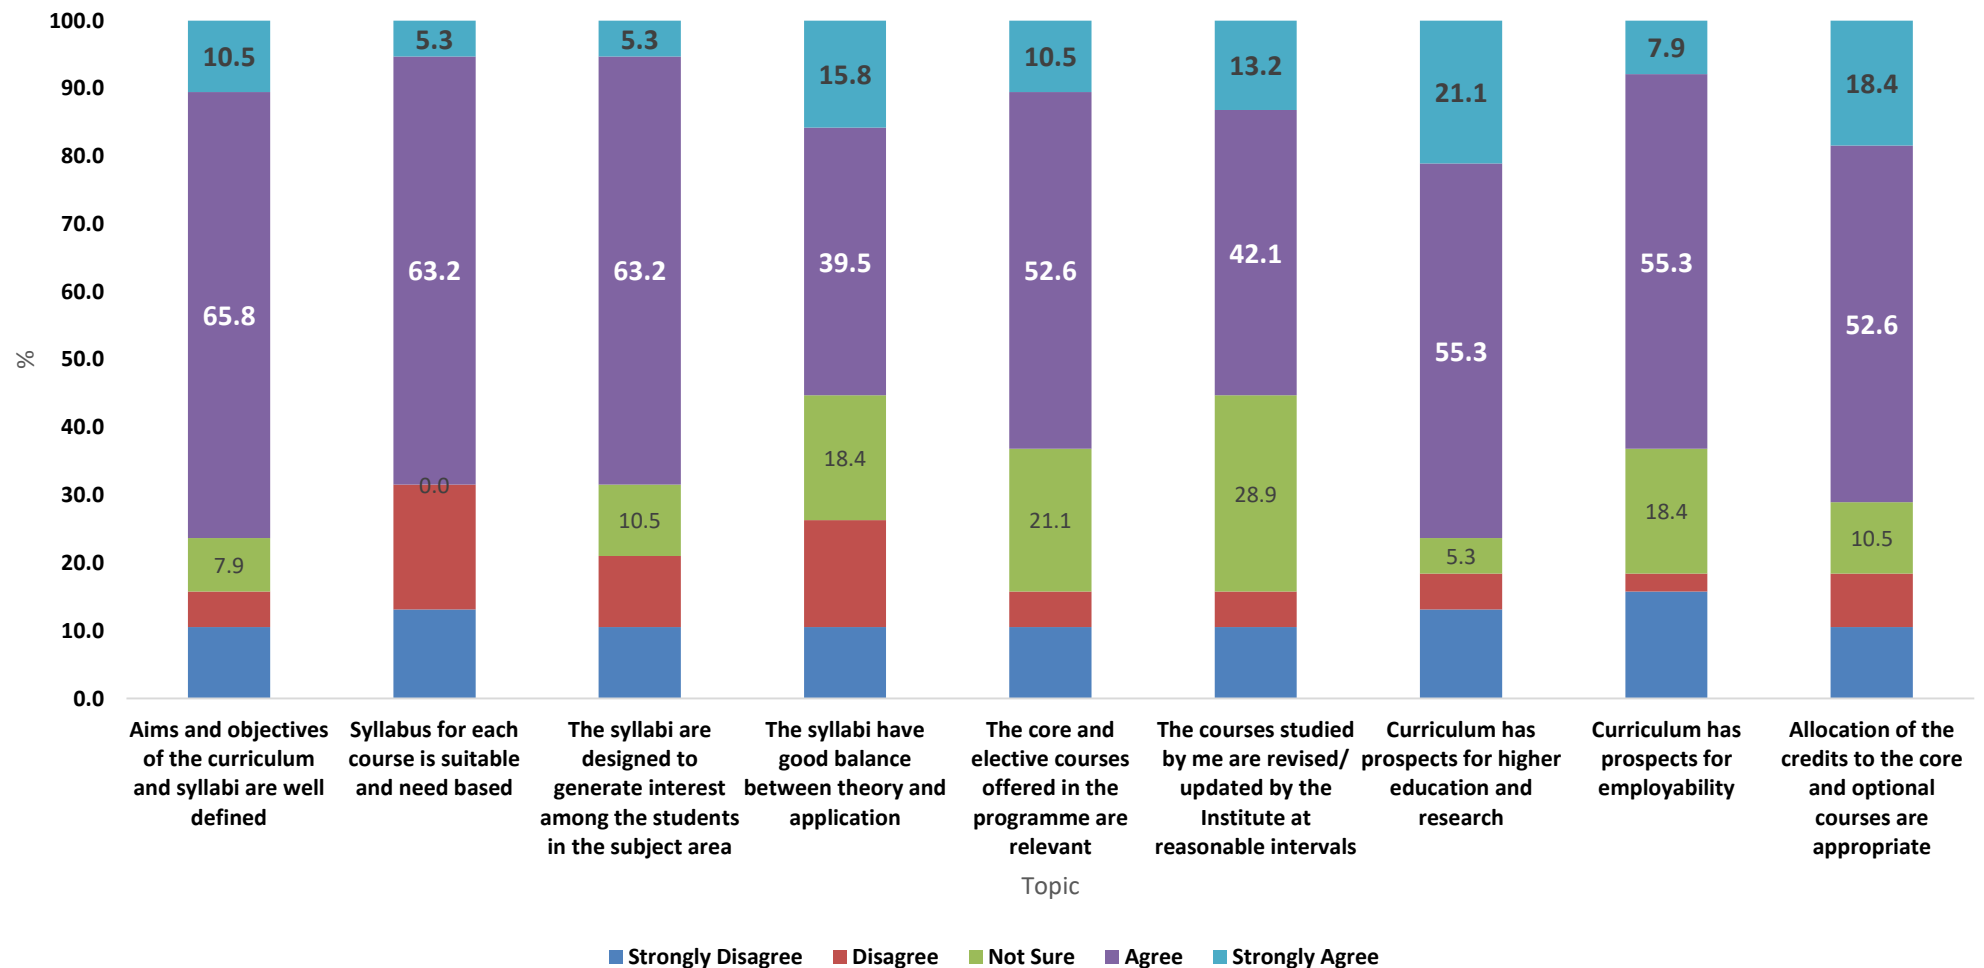

Number of students who responded to the feedback

Students' Feedback on Curriculum: MPS

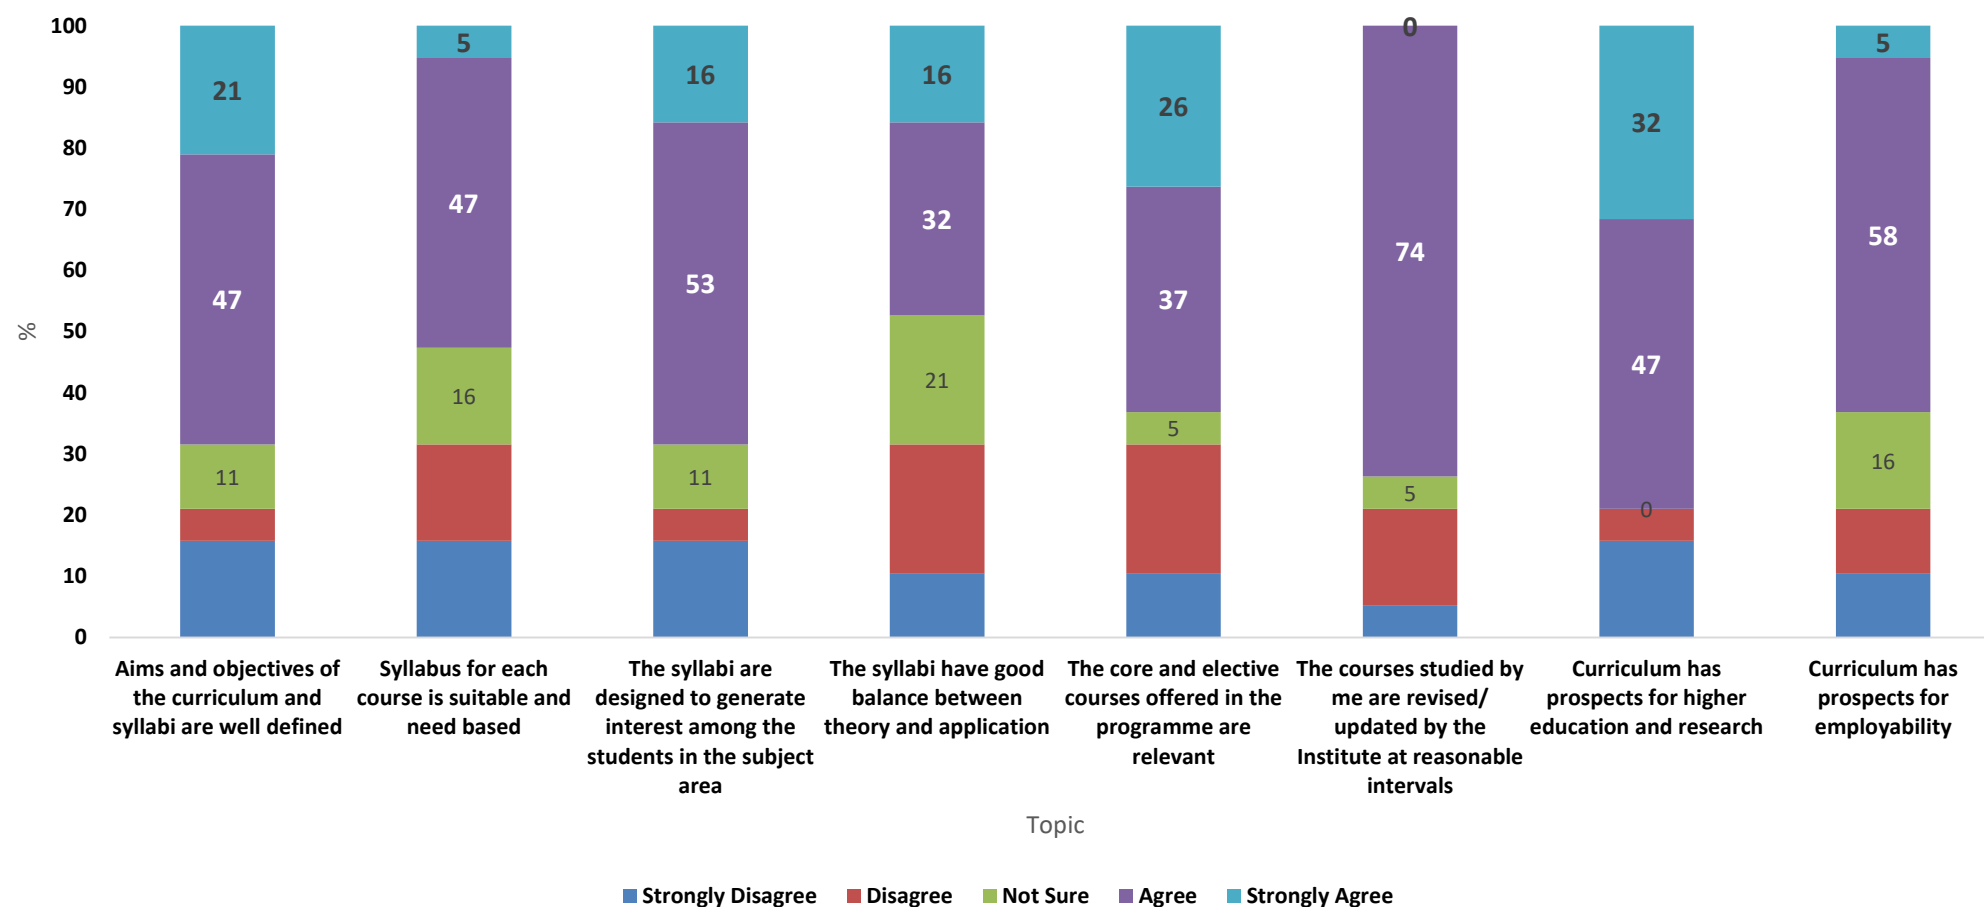

Almost more than 70% of the MPS students either agreed or strongly agreed that the various parameters of the curriculum fulfill the necessary criteria along with prospects for the employability.

Students' Feedback on Curriculum: MBD

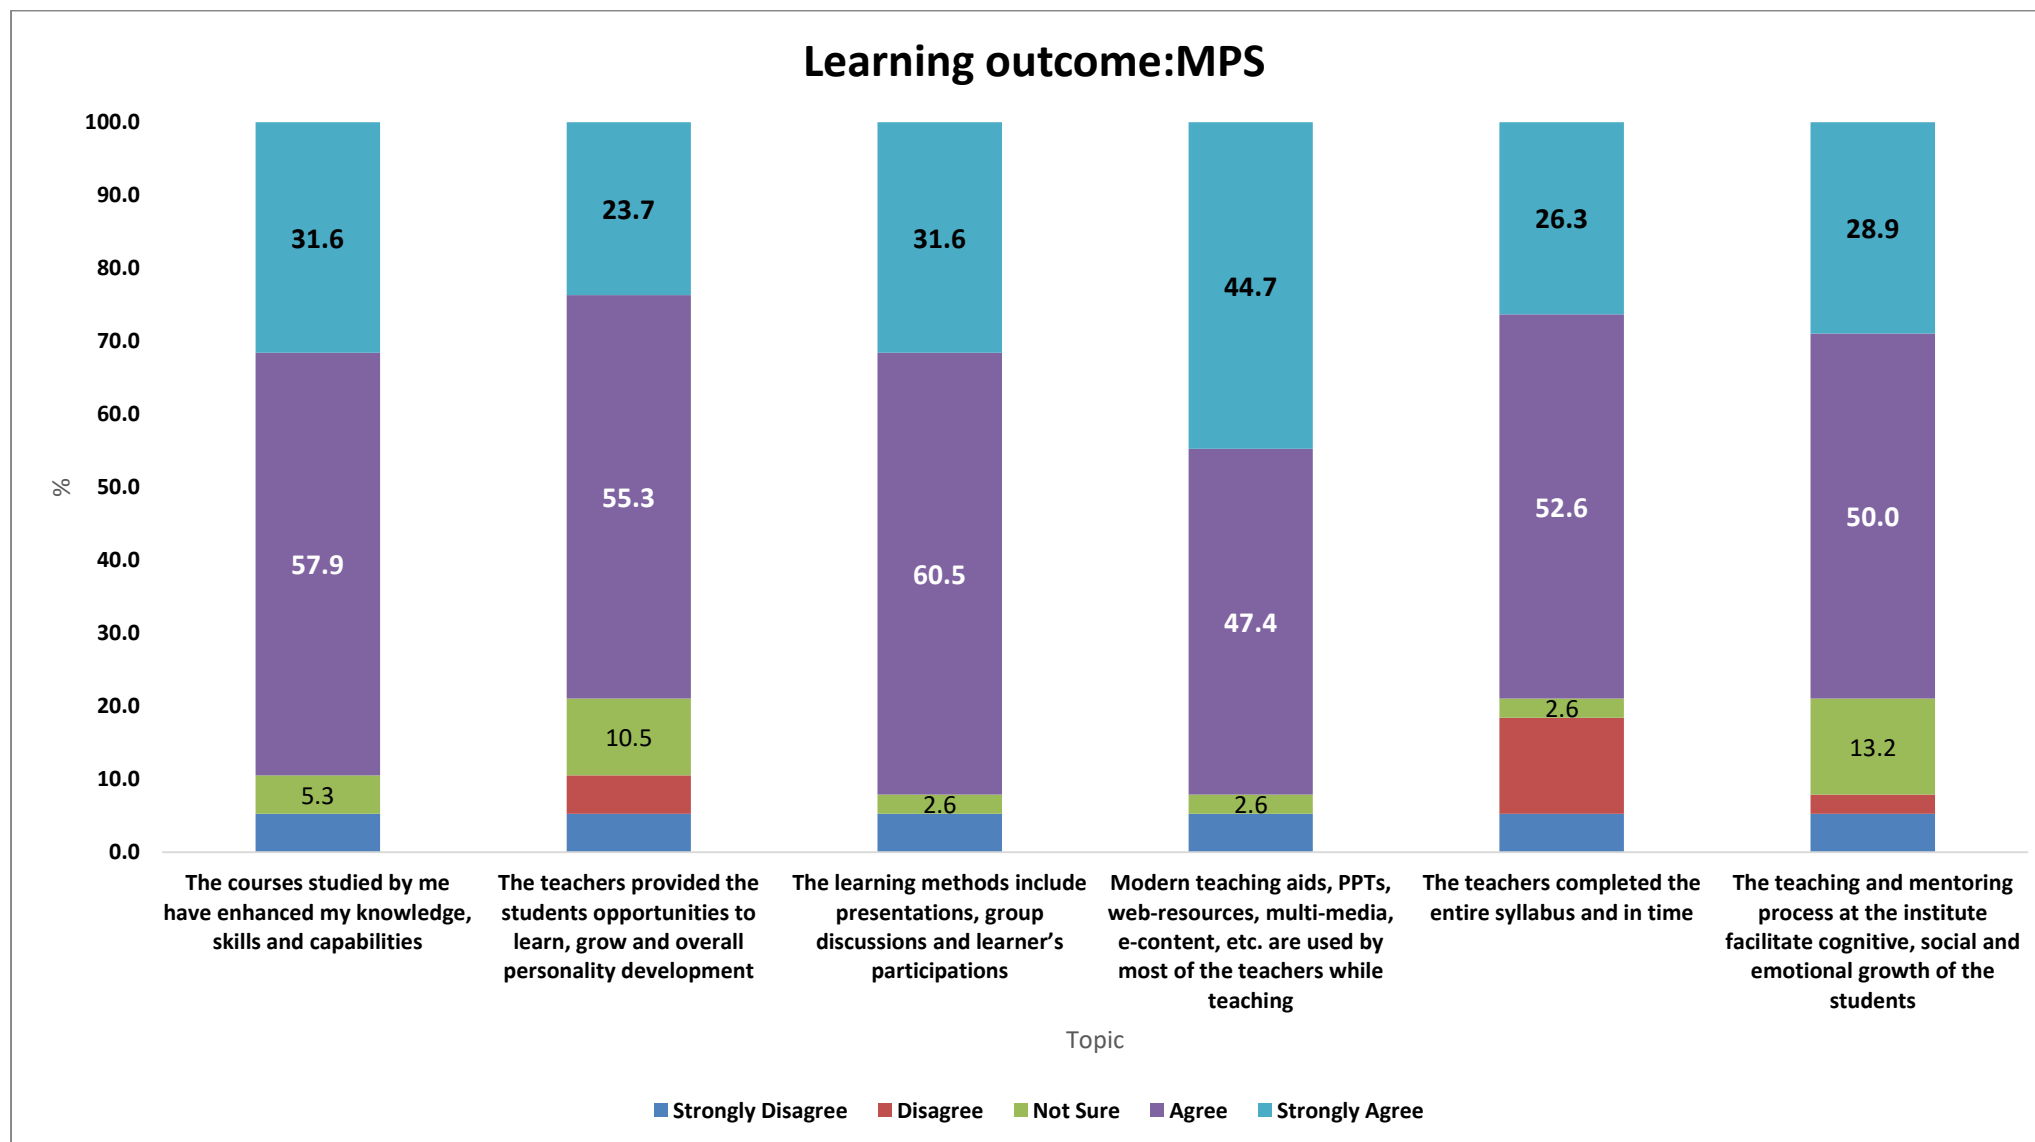

Approximately 60-70% of the MBD students agreed or strongly agreed to the various parameters of the curriculum while more than 40% of the students agreed or strongly agreed that the curriculum has the prospects for the employability.

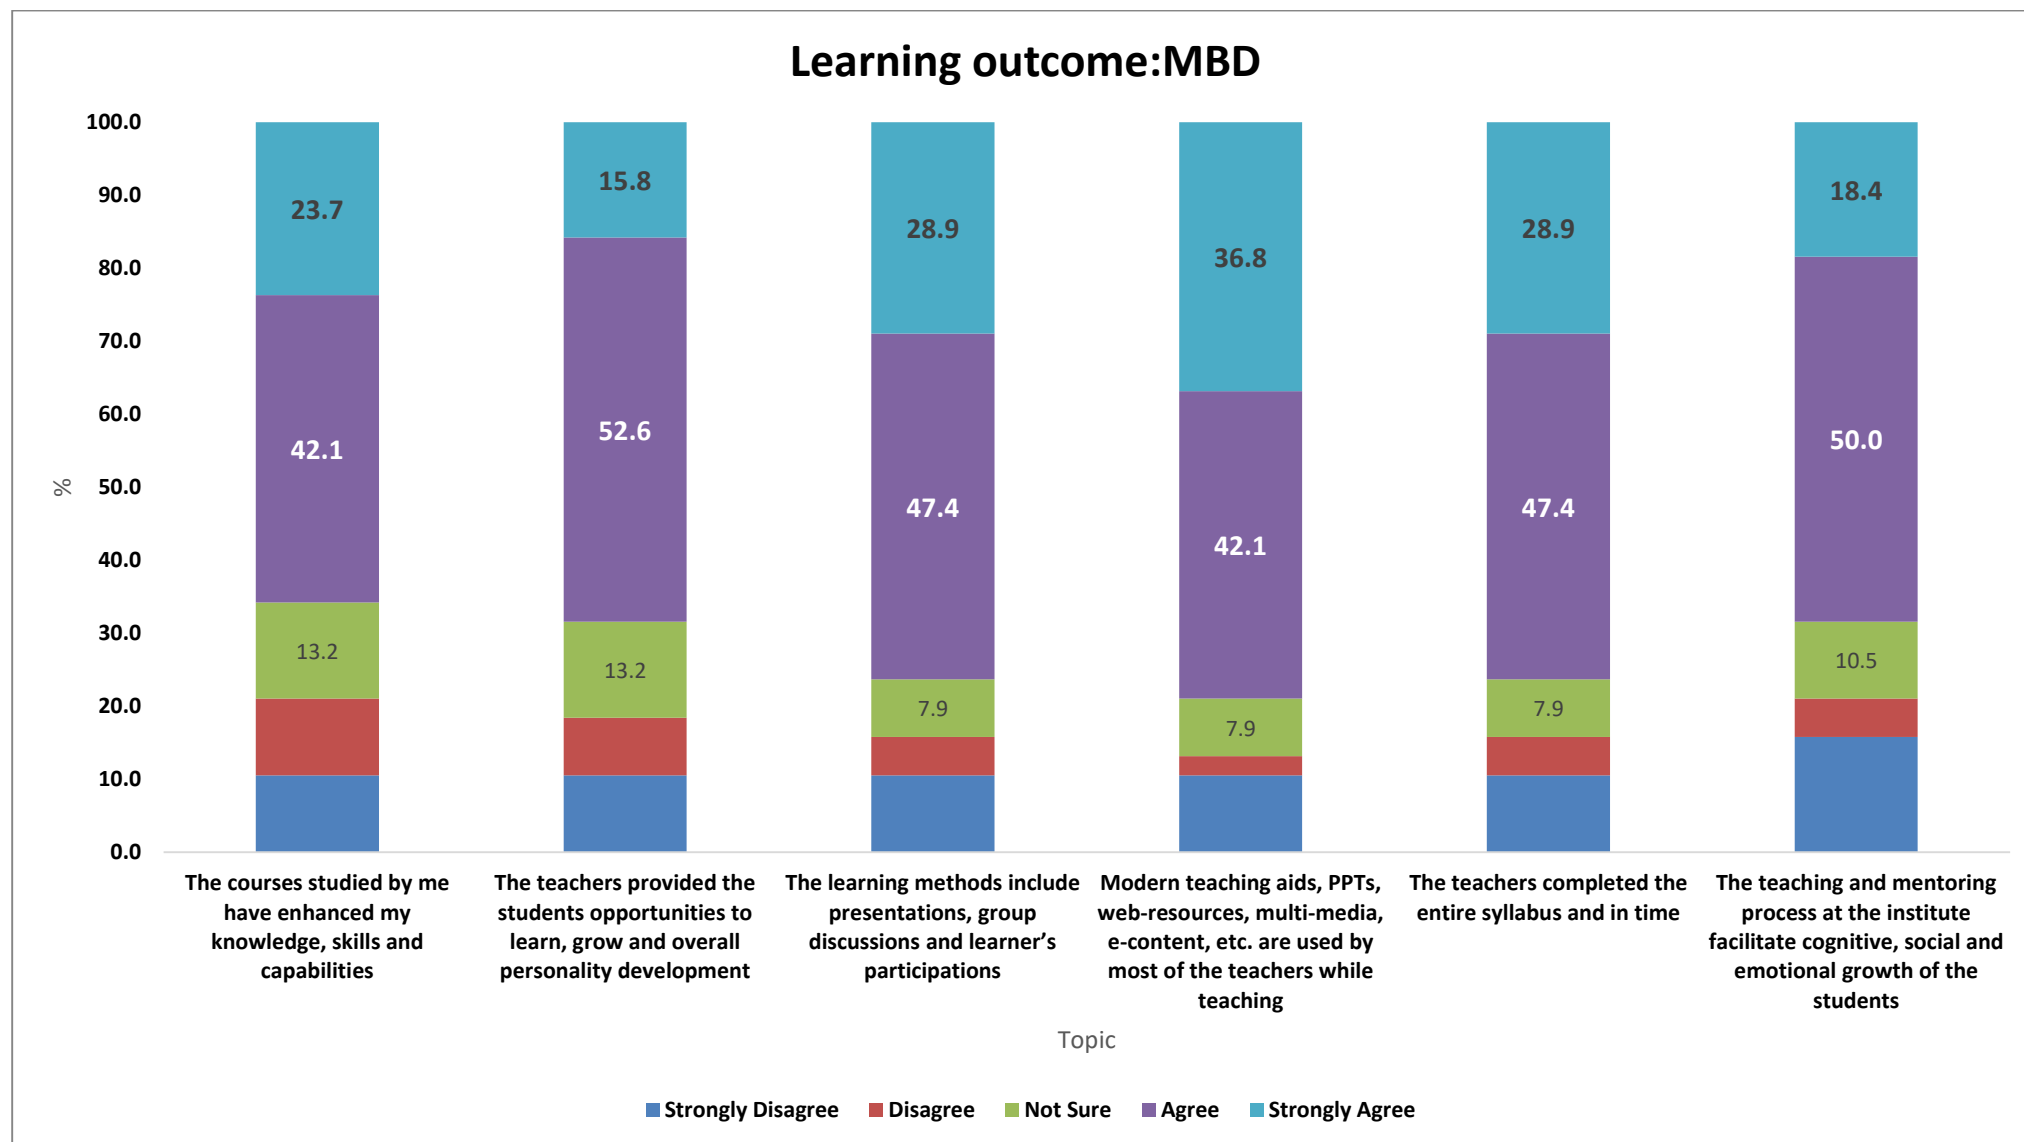

Students' Feedback on Curriculum: MA/MSC

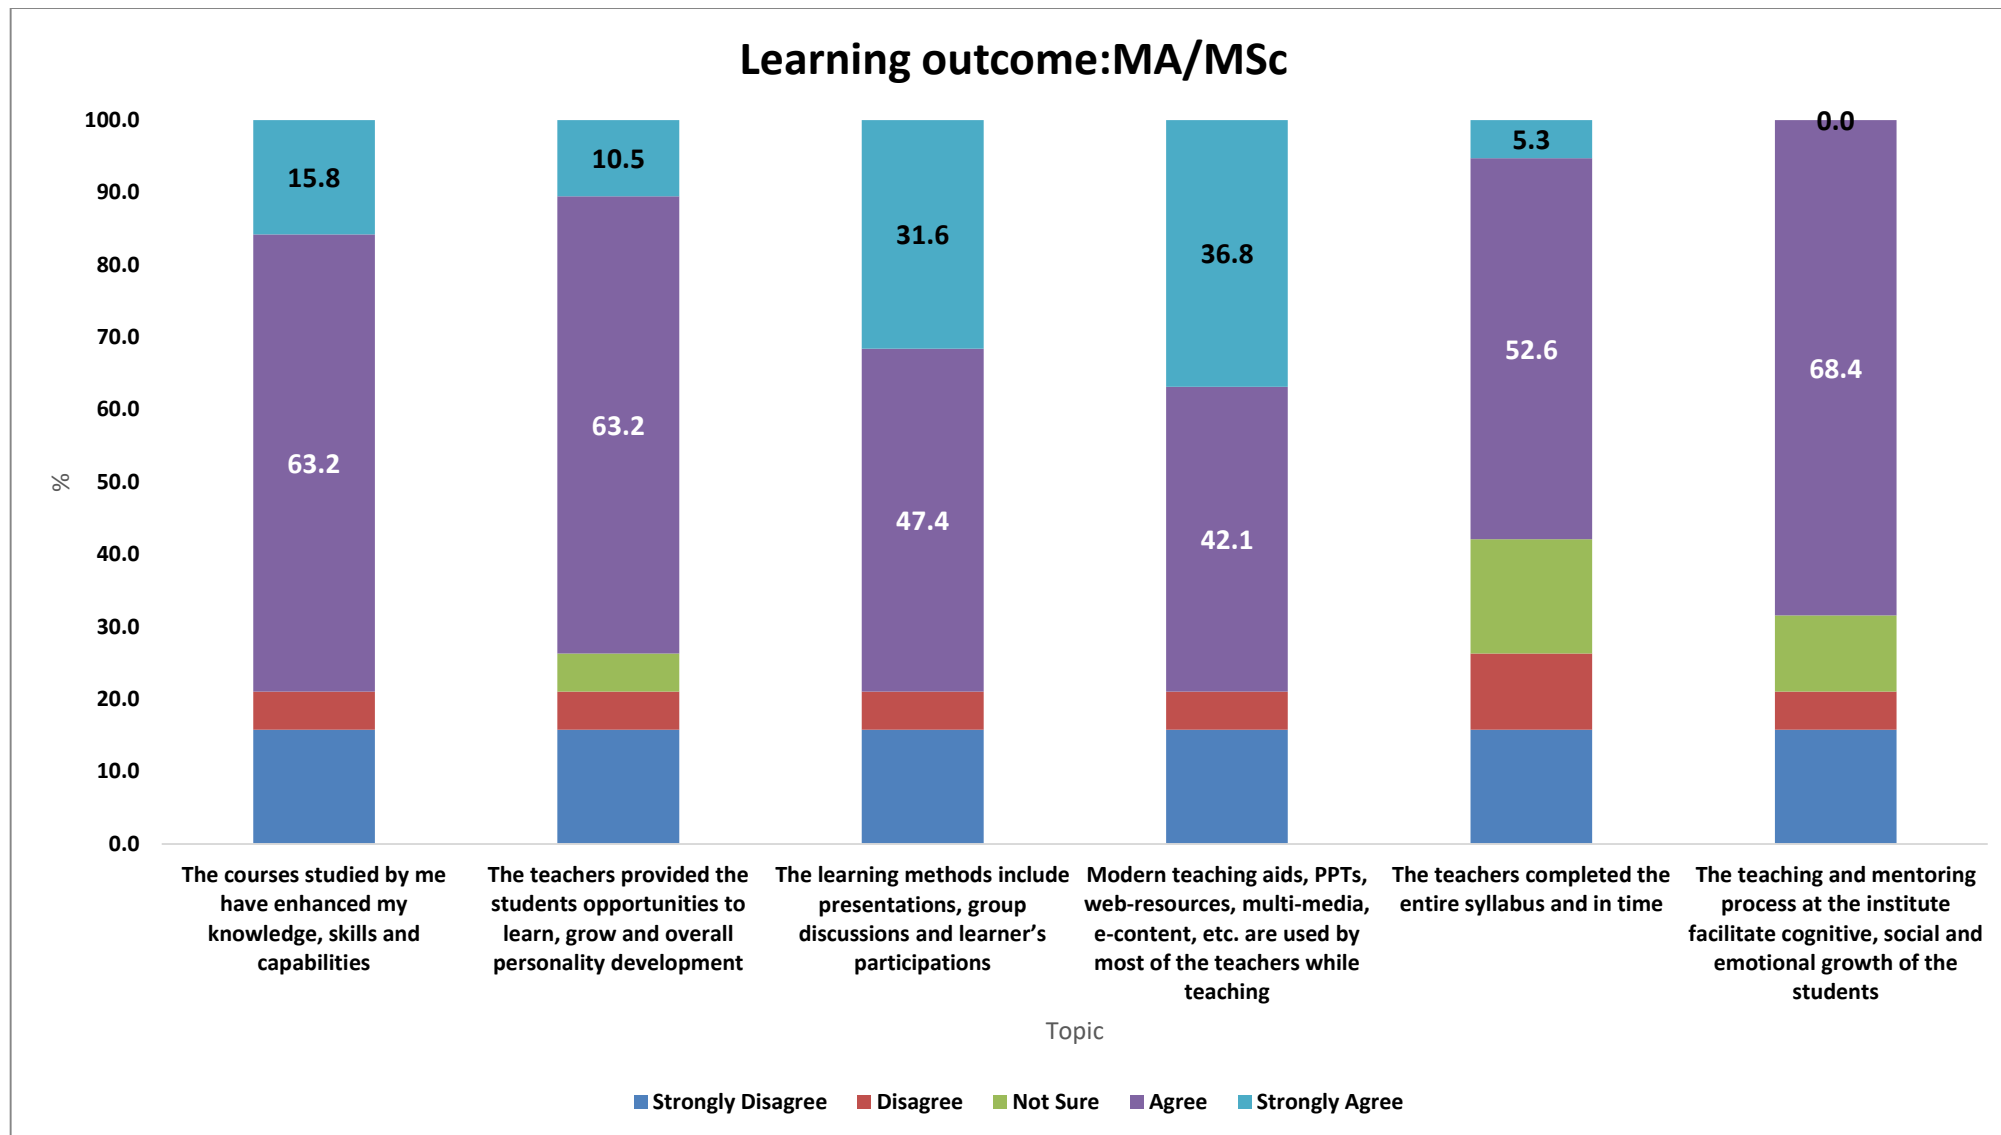

The satisfaction level among MA/MSc students on various aspects of curriculum is relatively less compared to the other two programmers (MPS, and MBD) at the Institute which needs attention.

With respect to the feedback on the learning outcomes of the course, on an average 80% of the MPS students agreed or strongly agreed for the various aspects of learning outcomes.

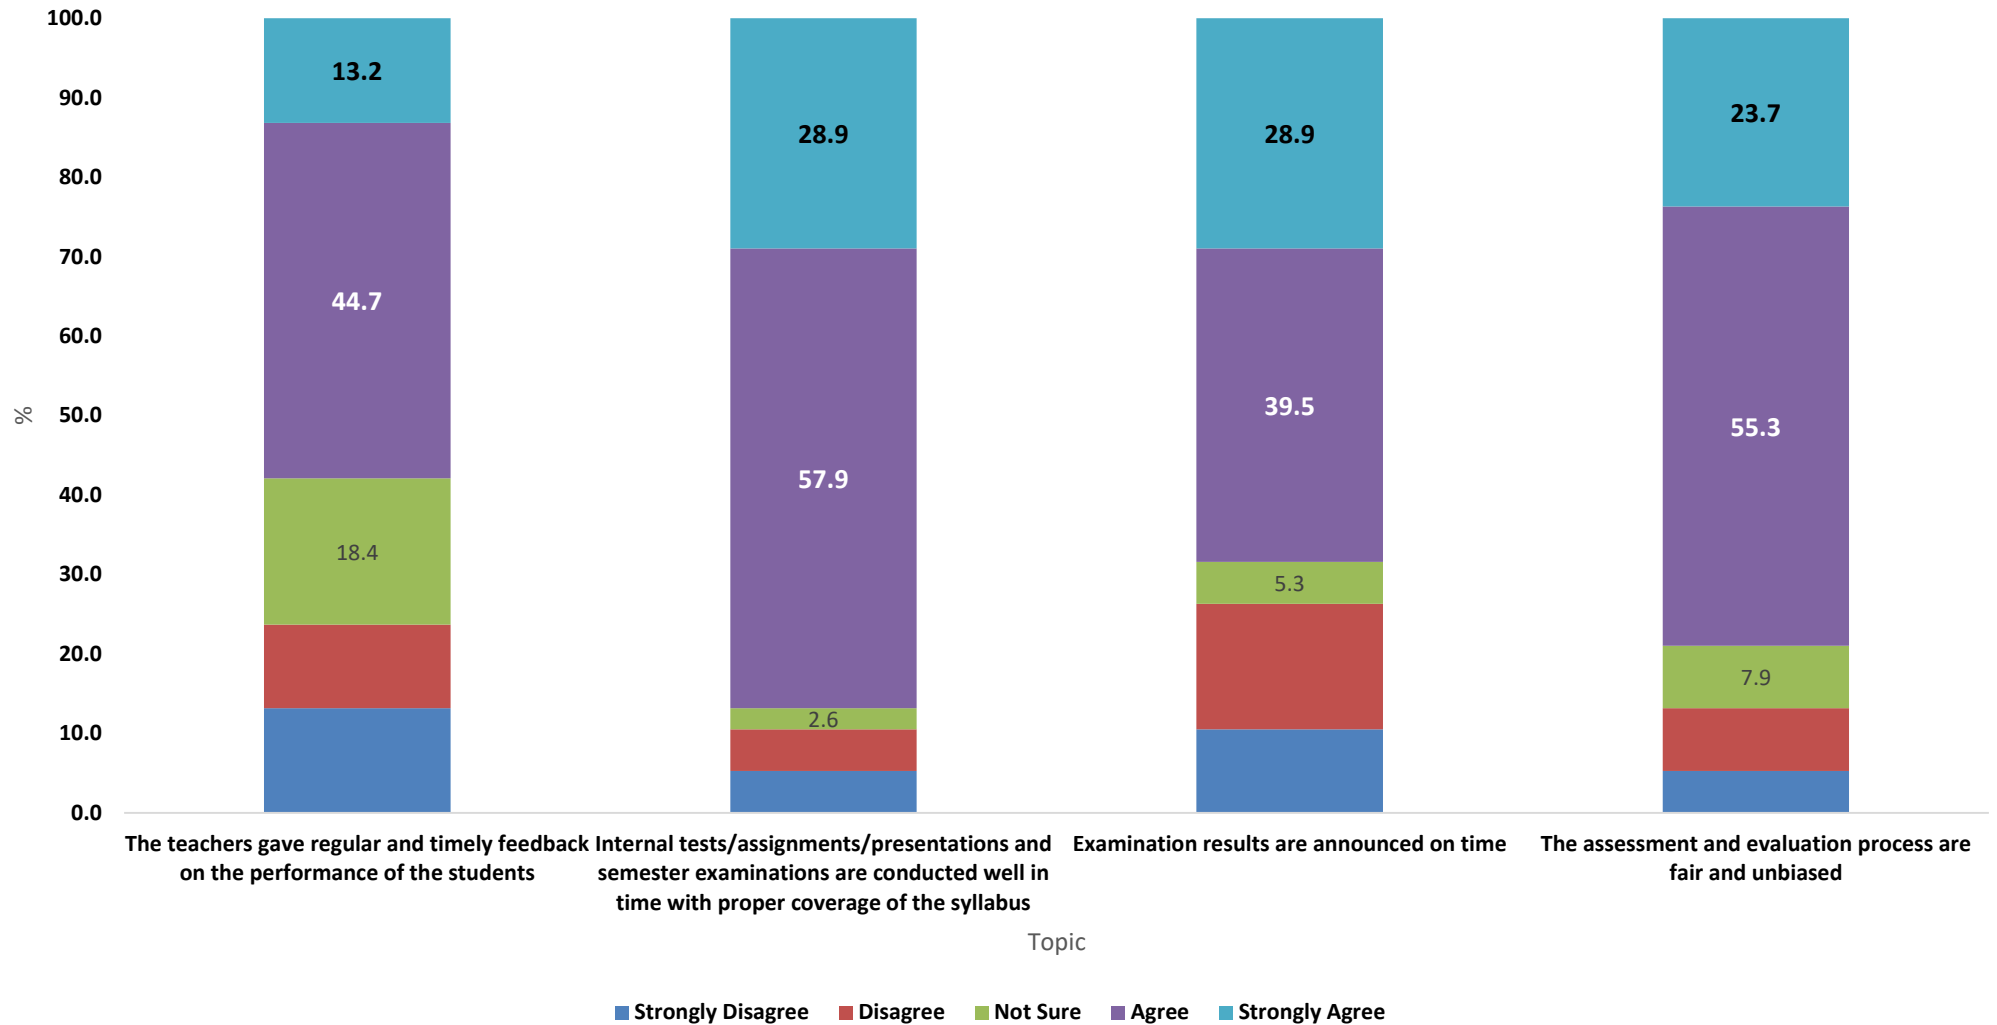

With respect to the feedback on the various aspects of learning outcomes of the course, majority of the MBD students agreed or strongly agreed for the learning outcomes.

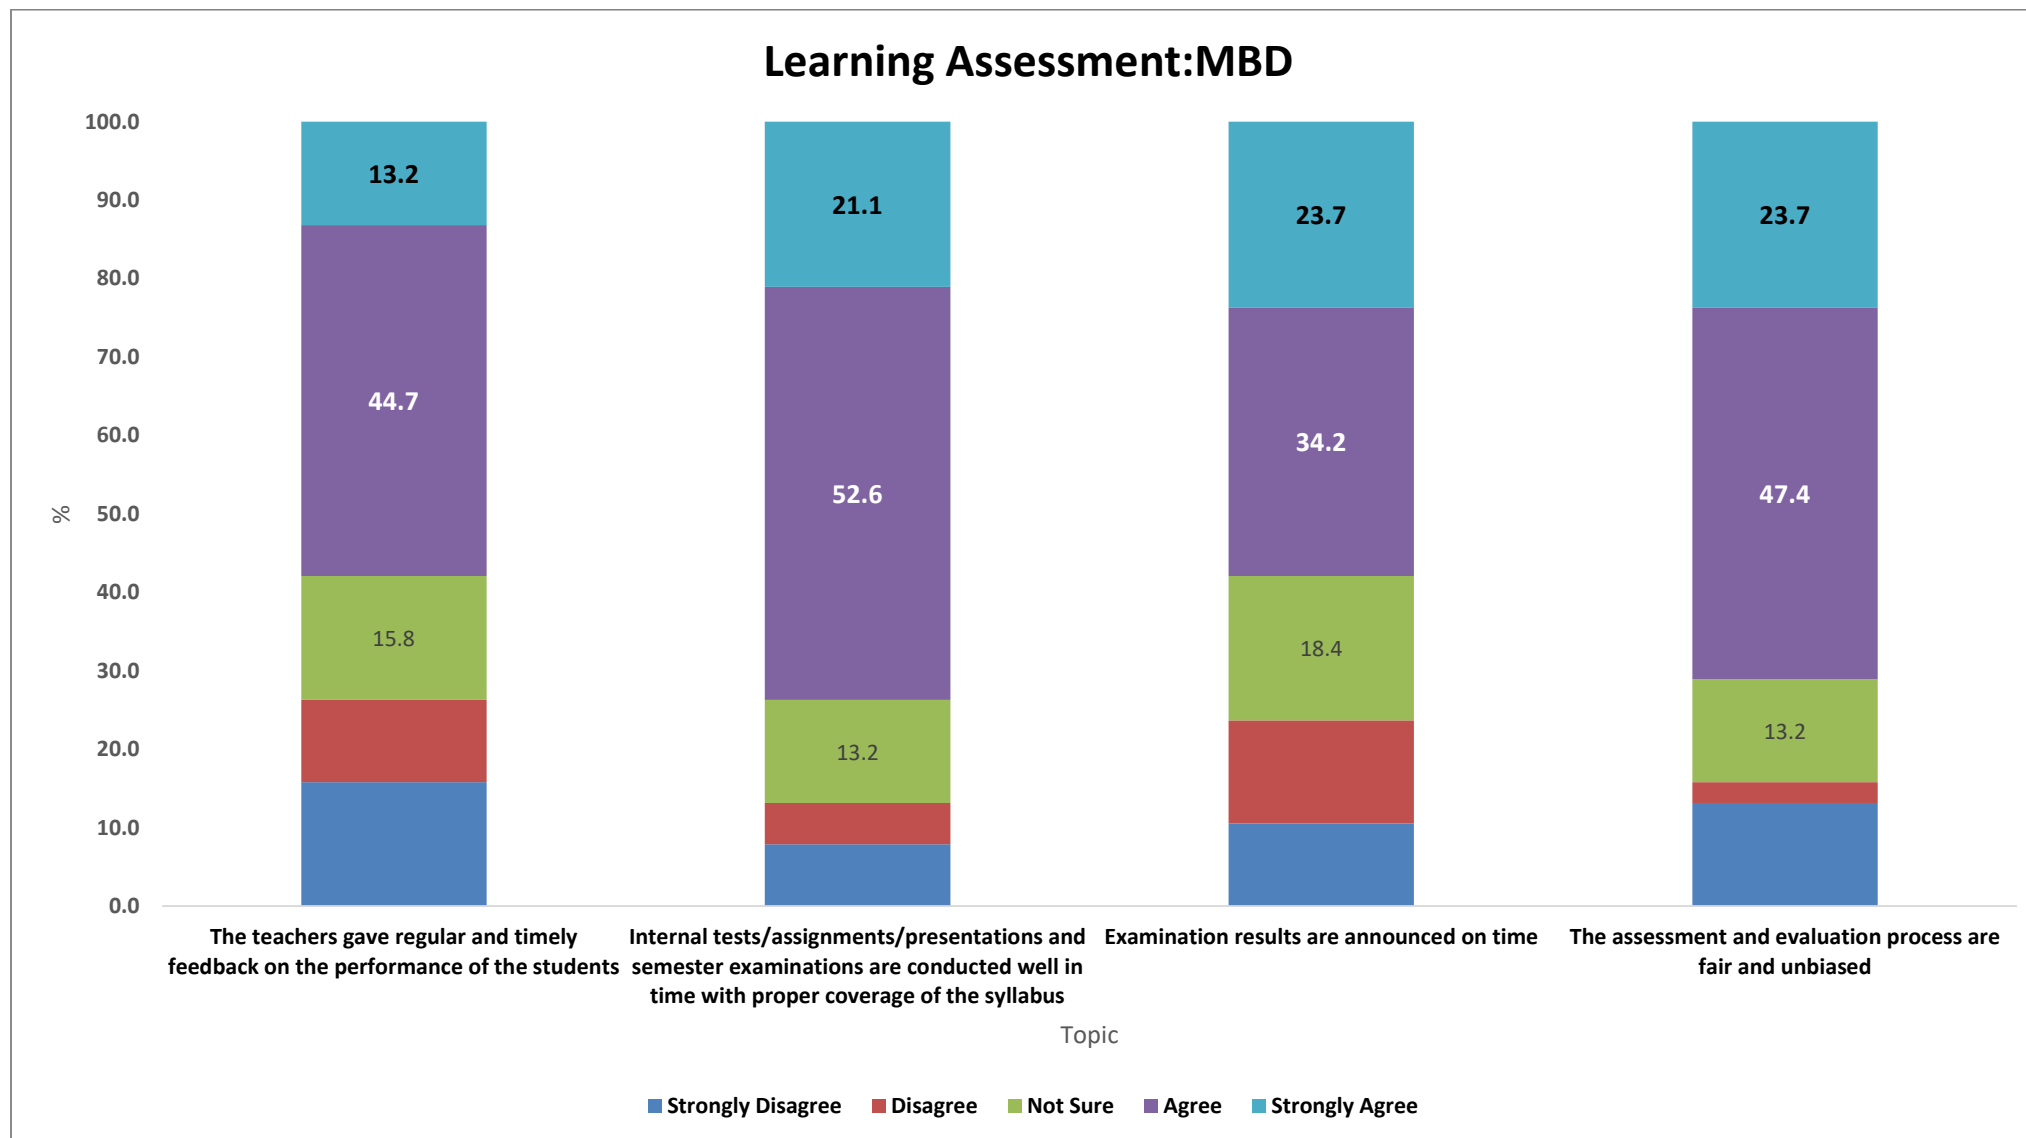

With respect to the feedback on the various learning outcomes of the course, the agreement level among the MA/MSc students are relatively less when compared to the students from other three programmes (MPS and MBD) at the Institute.

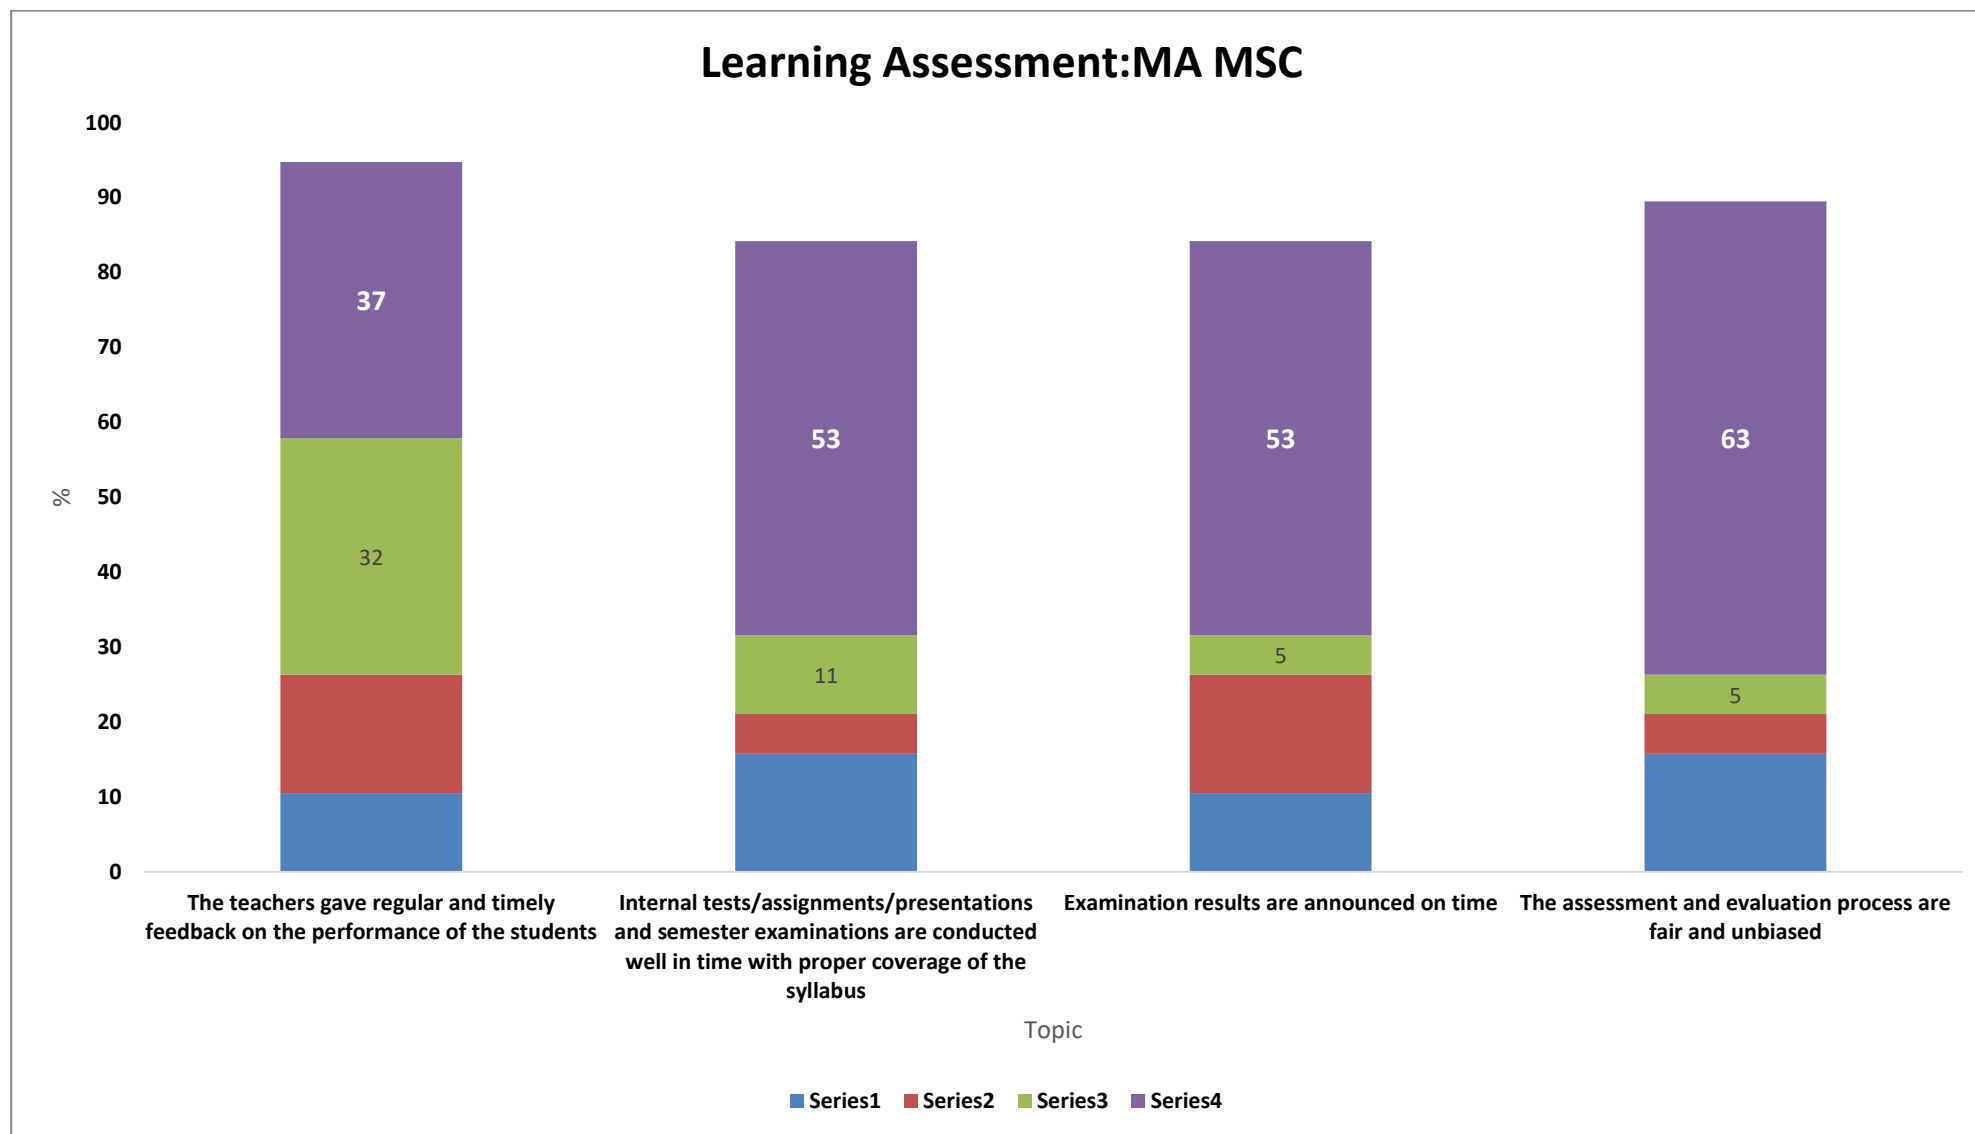

Learning Assessment:MA MSC

With respect to the feedback on the various aspects of learning assessment, on an average more than 80% of the students agreed with the learning assessment of the MPS programme.

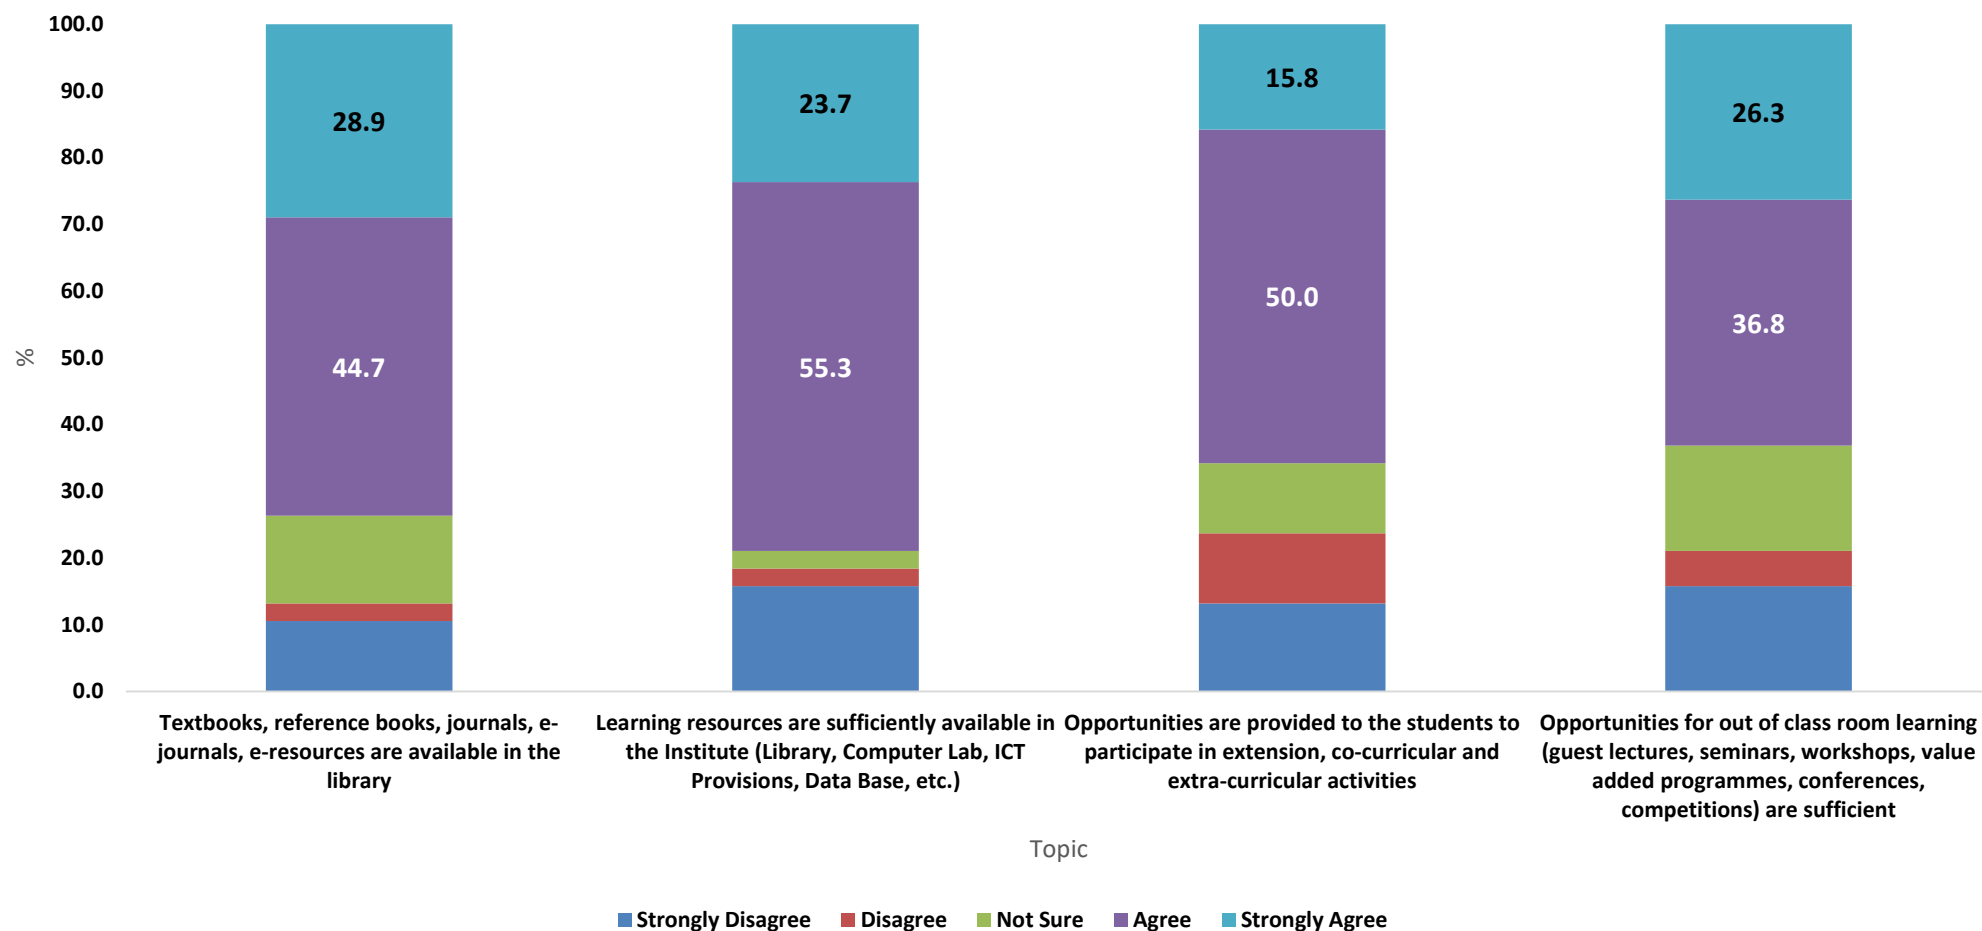

With respect to the feedback on the various learning assessment, on an average about three-fifths of the MBD students agreed or strongly agreed with the learning assessment of the programme.

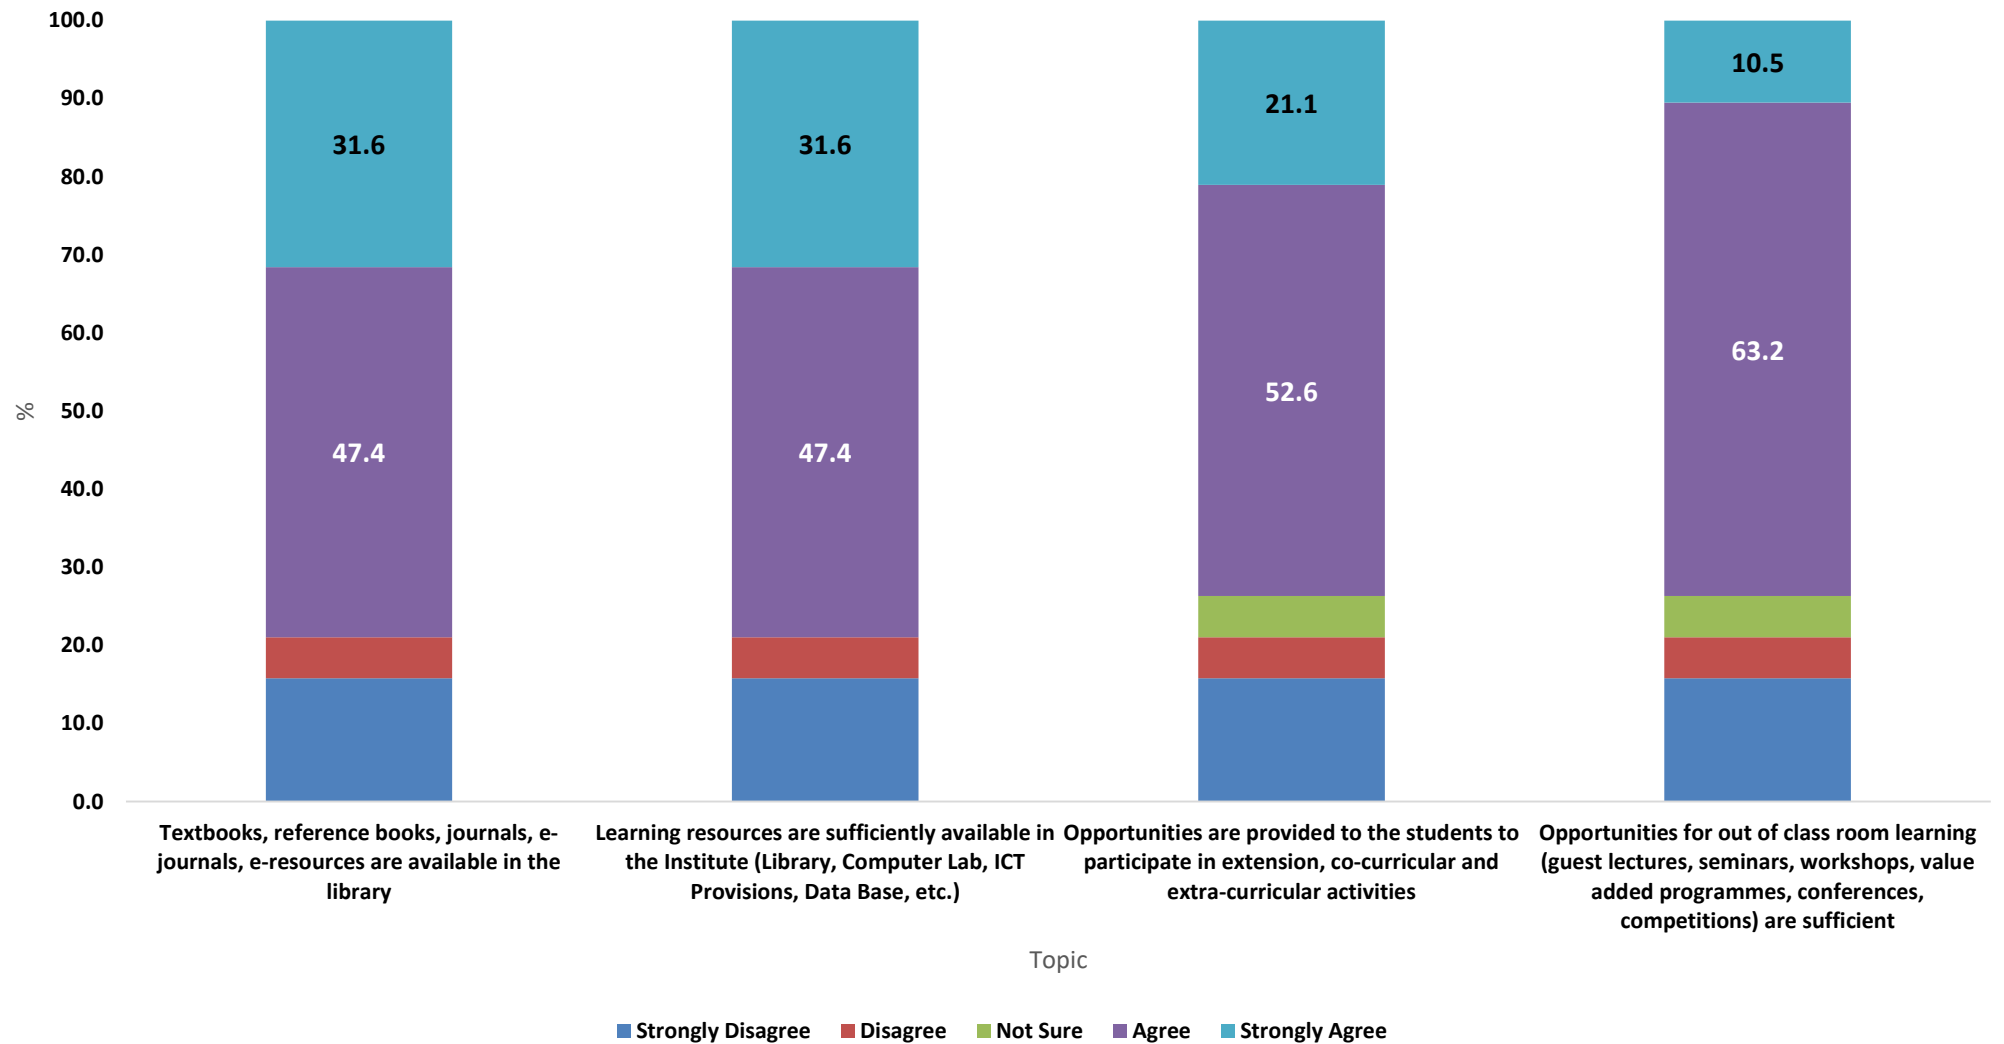

With respect to the feedback on the various parameters of learning assessment, the satisfaction level of the learning assessment is less among the MA/MSc students when compared to the other programmes offered at the Institute

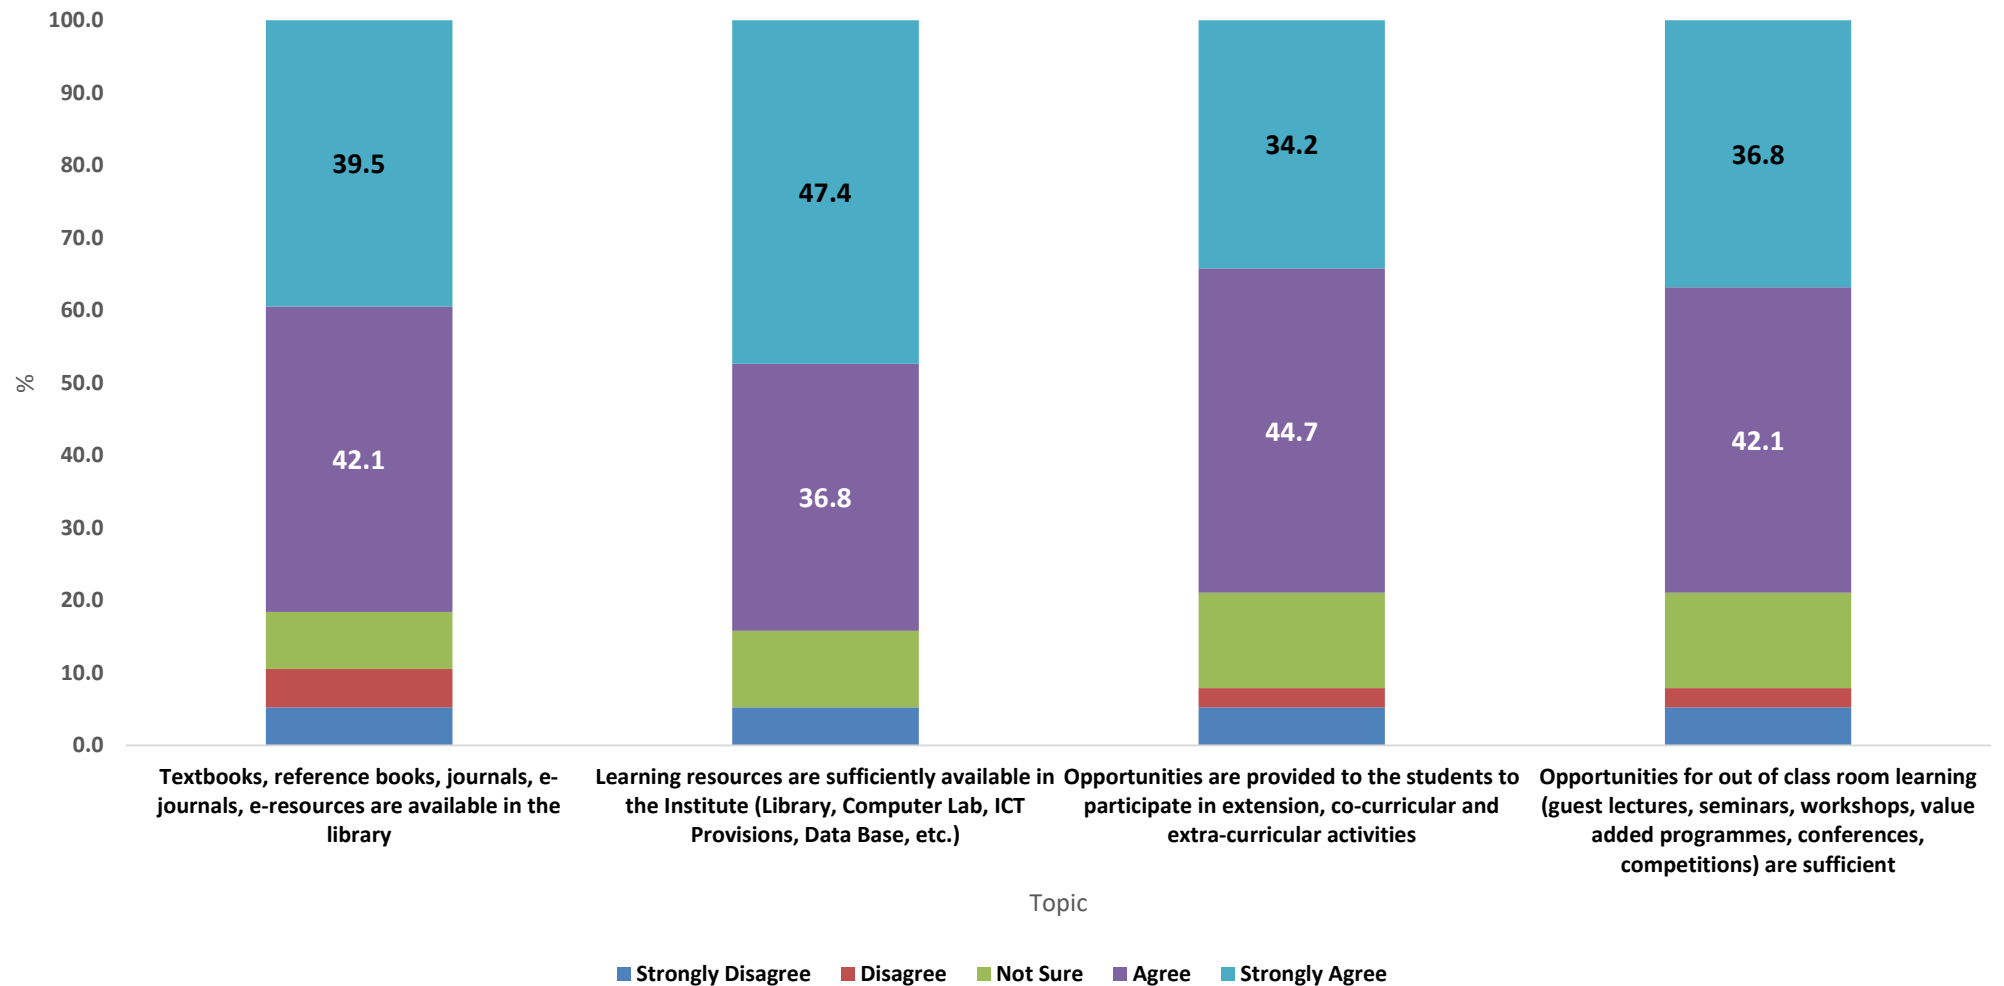

Other Aspects:MBD

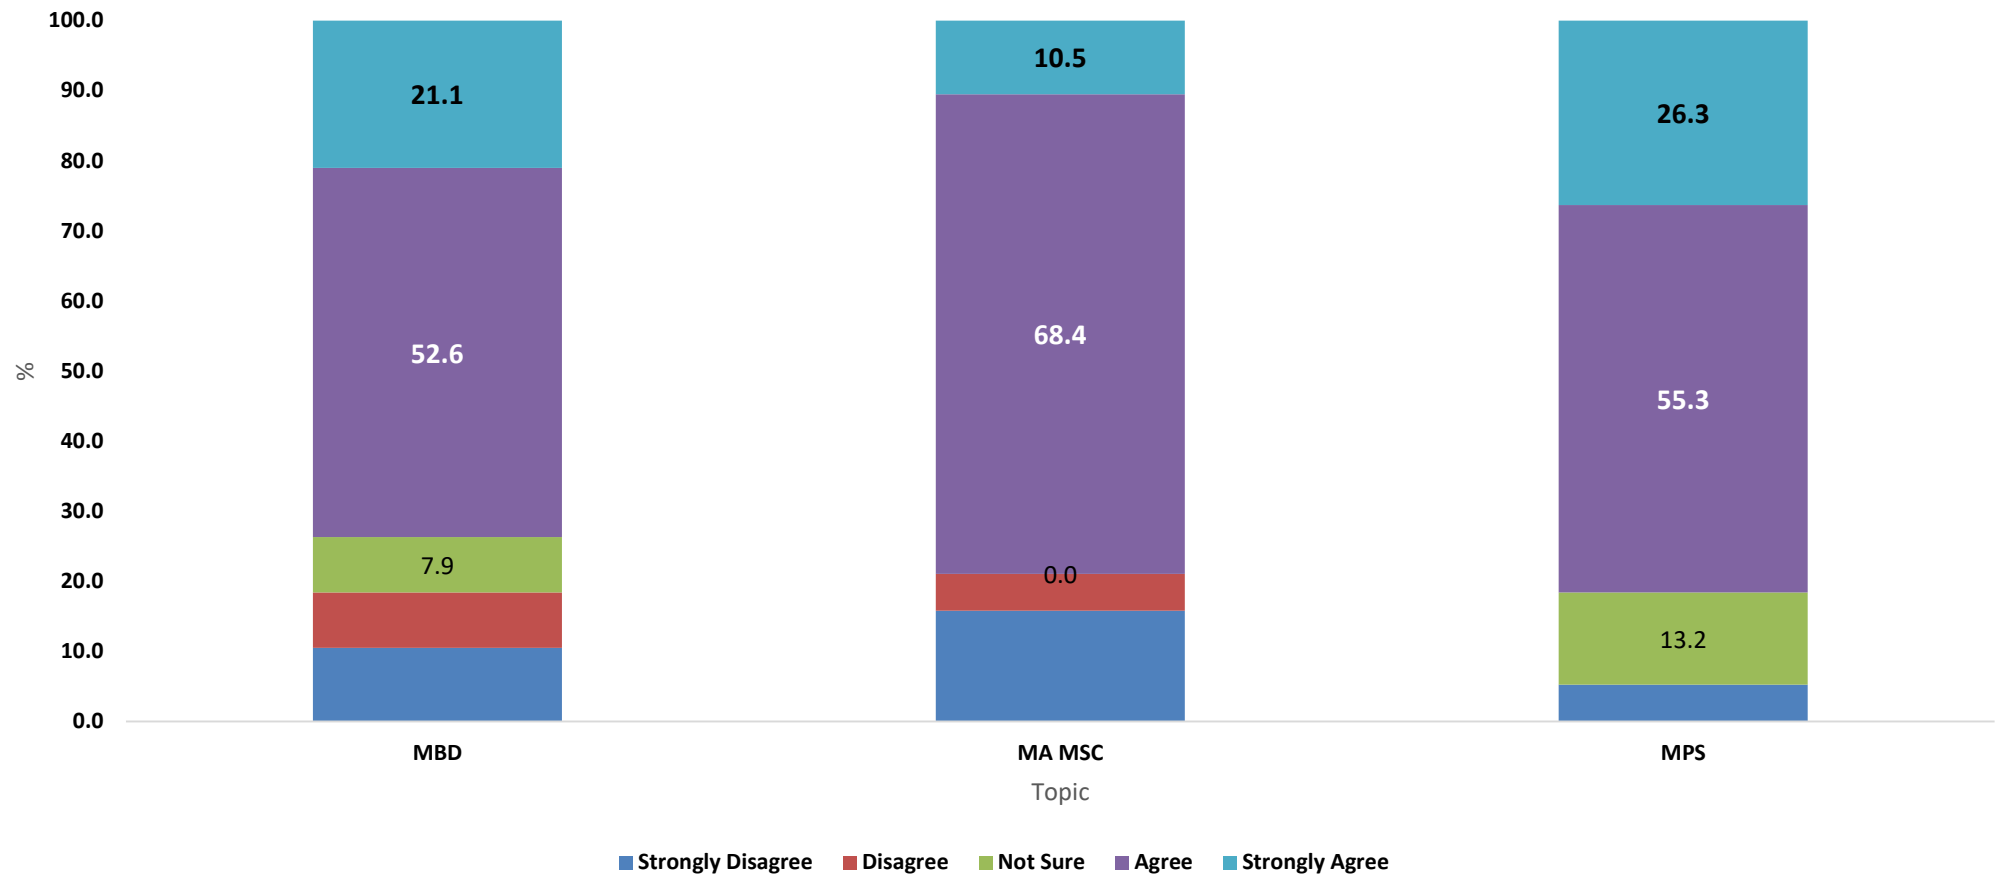

Other Aspects:MA MSC

Other Aspects:MPS

Overall rating of the programme and various facilities in the Institute

Majority of the students belonging to various courses (MPS, MBD and MA/MSc) agreed or strongly agreed that the programmes and facilities in the Institute are good.

Summary

- Majority of the MPS/MA MSc/MBD students agreed or strongly agreed positively with various parameters of the curriculum, assessment, outcome and employability.
- With respect to the feedback on the learning outcomes of the course, on an average 80% of the MPS students agreed or strongly agreed with the various aspects of learning outcomes.
- The satisfaction level among the MBD students is observed to be high on most of the aspects of the feedback (curriculum, assessment, outcome and employability) collected from them.
- The satisfaction level among the MA/MSc students on various aspects of curriculum, assessment, outcome and employability is relatively less as compared to the students from other programmes (MPS and MBD) at the Institute and this needs attention from the management.
- Majority of the students from different courses (MPS, MBD and MA/MSc) agreed or strongly agreed that the programmes and various facilities in the Institute are good.
