**WELCOME
TO IIPS
PLACEMENT
CELL!**

The IIPS placement cell has been actively involved in skill development and appraising IIPS students of career opportunities. A plethora of activities have been undertaken by the placement cell to guide students in their careers.

Placement and Internship Brochures

A placement-brochures have been created for all the first-year students as well as graduated students from the M.Phil., M.A./M.Sc., MBD, and MPS courses offered by IIPS. The placement cell has been coordinating with various companies and organizations for the first-year students' internship and job placement of graduated students. Students from IIPS landed lucrative placement and internship opportunities in various organizations.

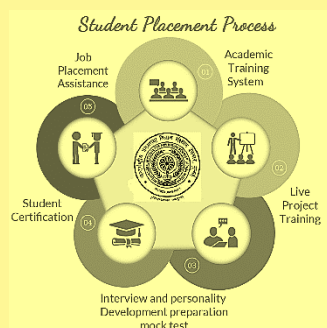

Guidance through Expert Talks

A novel way of nudging the students toward domains of their choice was the series of placement talks hosted, where eminent alumni members were invited to talk about their personal journey navigating through the job market since graduating from IIPS. These talks were both motivational and instrumental in opening up the students' minds to various domains other than academia.

Details of IIPS placement talks

IIPS Collaboration with HIRATION for Resume Building

IIPS has also signed an MOU with Hiration, a platform immensely aiding students in presenting their best foot forward while landing a job opportunity by assisting with their resumé building, cover letter drafting, digital portfolio creation, interview preparation, career discovery, LinkedIn profile reviewing and even checking the suitability of their profiles against job advertisements.

A demo webinar was conducted by Hiration on 26th February, 2021 on deployment of their career platform for IIPS, guiding students on how to navigate and make the best use of the platform.

Providing Free Access to Online Skill Development Programs

IIPS placement cell has taken a great initiative by collaborating with IIT, Bombay's spoken tutorials in the benefit of IIPS students to upgrade their software skills in different software and computer programming languages. Many students from each batch have been signed up for various spoken tutorial courses being offered by IIT, Mumbai. In the duration of one-year students will get an opportunity to learn packages like R, Python, QGIS, MySQL etc.

This apart, a couple of sessions have been conducted to demonstrate the process of availing student discounts while opting for courses from Coursera, Data camp, Tableau etc. This has turned out to be useful for availing student discounts while procuring statistical package for students from various software companies.
