MISSION STATEMENT

The Institute will strive to be a center of excellence on all population and related issues through high-quality education, teaching and research. This will be achieved by-

- (a) Creating competent professionals,
- (b) Generating and disseminating scientific knowledge and evidence,
- (c) Collaboration and exchange of knowledge and
- (d) Advocacy and awareness.

VISION STATEMENT

To position IIPS as a premier teaching and research institution in population sciences responsive to emerging national and global needs based on values of inclusion, sensitivity and rights protection.

ABOUT THE INSTITUTE

The International Institute for Population Sciences (IIPS) Mumbai, formerly known as the Demographic Training and Research Centre (DTRC) till 1970, was established in July 1956 under the joint sponsorship of Sir Dorabji Tata Trust, the Government of India, and the United Nations. The Institute serves as a regional centre for Training and Research in Population Studies for the ESCAP region. The Institute was re-designated to its present title in 1985 to facilitate the expansion of its academic activities and was declared as a 'Deemed University' on August 14, 1985, under Section 3 of the UGC Act, 1956 by the Ministry of Human Resource Development, Government of India. The recognition has facilitated the award of recognized degrees by the Institute itself and paved the way for further expansion of the Institute as an academic Institution. The faculty members and the supporting staff belong to a diverse interdisciplinary background with specialization in core areas of population sciences, trained in India and abroad.

The Institute is the hub of population and health related teaching and research in India, playing a vital role for planning and development of the country. During the past years, students from different countries of Asia and the Pacific region, Africa and North

America have been trained at the Institute. The alumni of the Institute are occupying prestigious positions in reputed national and international organizations, universities, research Institutes, and non-governmental organizations.

The Institute offers various different Post-Graduate, Doctoral, and the Post-Doctoral courses. After completing the course, students of all programmes will be prepared for; (i) admission to higher degree programmes in the best universities of the world; (ii) a good career in teaching and research; (iii) a multi-disciplinary professional career; or (iv) working as Independent consultant and specialist in health and development sectors.

International Students trained by IIPS

ACADEMIC PROGRAMMES

01. Two years - Master of Arts/Science in Population Studies (MA/MSc)

Applications are invited from International students for admission to MA/MSc in Population studies for the Academic Session 2024-2025. The classes for the course will commence from August 2024.
